**Subject:** Fruitland Magnesium Fire Incident - TDD Amendment Request  
Fruitland Magnesium Fire Incident IGCE Musante Amd E.xlsm

Hello -

Please find attached a START TDD amendment request and IGCE for Fruitland Mg Fire removal support. The additional funding is \$436,000; due to the large amount and CR budget paradigm, the funding can be incremental if necessary (minimum request of \$150-200K at this time).

Please reply with your approval or contact me with any questions.

Thank you for your attention in this matter,
